

**Extended warranty conditions.**

Which products	- All products with 24 V input voltage produced starting from 01/11/2013 supplied with a registration card.
Warranty relates to Compensation	- Repair or replacement by an equivalent product to be determined by Simco-Ion. - This Warranty does not entitle in any way to compensation for any damage beyond the replacement/repair of defective parts.
Carrying out Registration deadline	- Replacement/repair has to be carried out by Simco-Ion Nederland. - Warranty is granted only to products registered with Simco-Ion Nederland through the appropriate manner within the period of six months after invoicing.
Exclusions	- The warranty does not apply to damage or defects caused by: Accidents, misuse, wear, improper installation and/or use in a manner contrary to the statutory technical and safety standards applicable in the country of use and/or improper connection to a power supply that is unsuitable for the incorrect device and/or improper maintenance carried out on the unit.
Transport Claiming	- Damages caused by transport and/or loss are excluded. - Warranty claims must be directed to Simco-Ion Nederland through the RMA process.
Consequential damage	- Simco-Ion can never be held liable for any consequential damages or any other consequences howsoever arising from or in connection with the equipment supplied by Simco-Ion and related items.
Transport costs	- Transport costs shall be borne by the party claiming the warranty.
Validity Registration	- This warranty is only valid with full registration of the device with Simco-Ion. - Warranty is valid only once for the registered who has registered herself/himself to the full extend with Simco-Ion through the appropriate manner registered and is not transferable.
Acknowledgement	- Acknowledgement of warranty will take place after thorough research carried out by Simco-Ion Nederland.
Duration	- The warranty period will, after registration, last four years after the invoice date.

By registering your product, you can extend the standard warranty period of 1 year to 4 years.

This applies to all products that are marked as such.

Go to [www.simco-ion.nl/warranty](http://www.simco-ion.nl/warranty) to register your product.

Fill in the form for registration of the extended warranty of 4 years.
